

About OCPC

Established in 2007 and headquartered in New York, USA, OCPC Gaming has become a global leader in Memory & Storage Solutions over the past 17 years. Our expansive reach spans regions including APAC, the Middle East, Africa, Europe, and the Americas, underscoring our commitment to delivering innovative, high-performance components to the PC gaming market.

OCPC Gaming specializes in premium Memory modules, SSDs, Graphics Cards, Power Supply Units, CPU cooling solutions and Gaming accessories, making our products the first choice for overclockers, enthusiasts, and gamers worldwide.

In 2024, we extended our brand's influence by becoming a licensing partner of prestigious football clubs such as FC Barcelona, Paris Saint-Germain, and Manchester City FC. These partnerships authorize us to design, manufacture, and distribute exclusive gaming peripherals and mobile accessories, further cementing our position as a leading force in the gaming industry.

The image features two OCPC Gaming DDR5 memory modules. One module is in the foreground, tilted at an angle, showing its gold-plated contacts and the OCPC logo. The other module is in the background, installed in a slot on a blue motherboard. A bright, stylized lightning bolt graphic strikes across the modules. The text "MEMORY SOLUTIONS" is overlaid in large white letters.
